For those of you looking for something to do before class starts, you might look at these lectures:

https://isip.piconepress.com/courses/temple/ece_1111/syllabus/2023_00_spring/

Scroll down to the list of lectures.

Intro to Linux: Lectures 1–3

Intro to Python: Lecture 29

There are notes and videos.

The username and password for the videos are both "temple".
