

Dear Prospective TUH EEG Subscriber,

Thank you for your interest in the Neural Engineering Data Consortium (NEDC) data and resources. To gain access to the data, please provide the contact information requested below, and then **email the completed form to help@nedcdata.org**. We will reply promptly with the username and password information that you can use to access the data. **Please send an editable pdf file created using a tool like Adobe Acrobat**. Include an electronic signature (which is part of the form below). Do not send an image or an image converted to a pdf.

Best regards,

Dr. Joseph Picone
Professor, Department of Electrical and Computer Engineering
The Neural Engineering Data Consortium
Temple University

The data available from the NEDC web site is offered free and without restriction, except for a few conditions below that you must abide by:

- (1) The data recipient should acknowledge the provider of this data using the publication listed in the documentation included with the specific corpus (typically found in the AAREADME file).
- (2) The data recipient will not release data to a third party. Please have the third party contact us directly by sending an email to help@nedcdata.org.
- (3) The data recipient will delete the data from all computer systems when finished with the data.
